Camp, like many Y programs, is about learning skills, developing character and making friends. But few environments are as special as camp, where kids become a community as they learn both how to be more independent and how to contribute to a group as they engage in physical, social and educational activities. From athletics to arts, there's something for every child at the Y. Our priority is to give every child the chance to unplug and grow during summer camp in a safe and fun environment.
